

# Simultaneous National Scientific Advice (SNSA) information and training webinar for Applicants

**19 April 2024, 10:00 – 12:30 CET**

Live broadcast

The **scope/objectives** of the **webinar** are to:

- provide information on the ongoing SNSA, pilot including the rationale behind this initiative and experience to date;
- outline the circumstances in which SNSA could be used;
- summarise the optimised procedure for phase 2 of the SNSA pilot;
- highlight the benefits for applicants;
- answer questions and invite feedback from stakeholders in relation to SNSA.

**This EMA-hosted webinar anticipates a broad representation of stakeholders who may benefit from using SNSA including pharmaceutical companies, SMEs, and non-commercial or academic researchers and developers, etc.**

**Participants can follow a live broadcast [here](#).**

Slido will be opened ahead, during and after the webinar.

The most popular questions will be answered by speakers during the Q&A sessions.
